FLEXi PLAY™

**GIVE YOUR
CUSTOMERS A
CHOICE TO BANK
WINS AND
MANAGE TIME**

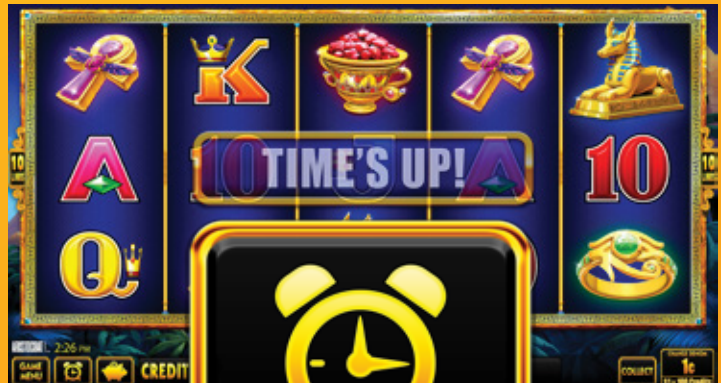

FLEXI PLAY™ IS FOR EVERY PLAYER.

Manage playing time

The Timer enables players to set a silent alarm to keep track of their play time. A discrete timer counts down until a transparent ‘Time’s Up!’ message flashes on the screen. There is no disruption to play and no sounds are emitted.

The message disappears after 7 seconds.

Bank winnings during play

The Bank enables players to quarantine winnings to help players stick to their spend limit. Players can access funds from the bank when they end their play and cash out.

Players can access funds from the bank when they end their play and cash out.

Players can choose to keep their winnings or use them for play.

There's two options here:

Auto-Transfer – Choose all wins to be automatically transferred to the **Bank**, or all wins over a certain amount.

Manual Transfer – Press the **Bank** button at any point during play to transfer a win or any other amount of your credit meter to the Bank.

HOW TO TALK TO YOUR GAMING PLAYERS ABOUT FLEXI PLAY™.

Flexi Play helps your players to manage their time and spend on gaming machines and players welcome it.

Did you know that regular pokies players rated the Flexi Play Bank feature as the most popular game management tool?

*** 75% said they would use it.**

*** 72% said they would use the Timer.**

- Flexi Play is increasing in popularity as more players see the benefits of using it. Let your customers know that Flexi Play is a normal part of smart gameplay. Flexi Play is easy to use - and it's voluntary. Players can stop using it at any time and return whenever they choose.
- FlexiPlay functions are only visible to the player. The venue can't see what options the player makes.
- The Bank enables players to save their winnings (who doesn't want to save their winnings?!), which they may want to spend in another part of your venue.
- Flexi Play has been available in Australia since 2020, and because it's developed by Aristocrat, you know you can trust it.
- We can all use some help managing our time and money – in all areas of life! Now you have a tool that enables you to effectively help your customers if they need it.
- We are all committed to the wellbeing of players.
